

Premier African Minerals Limited
(“Premier” or the “Company”)

RHA update

Summary

Premier African Minerals Limited, the AIM-traded, multi-commodity mining and natural resource development company focused on Southern and Western Africa, is pleased to provide this update on progress at RHA Tungsten project (“RHA”) in respect of which Premier is the operator and holds 49%.

Highlights

- Screens and plant modifications are now at site and installation is progressing despite prior delays at Zimbabwe / South Africa border.
- Plant expected to run during the week commencing Monday, 11 July 2016.

George Roach, CEO, commented:

“I am pleased to report that all plant upgrades and modifications are at site and installation is progressing well. I will update the market as we move back into production”.

Forward Looking Statements

Certain statements in this announcement, are, or may be deemed to be, forward looking statements. Forward looking statements are identified by their use of terms and phrases such as “believe”, “could”, “should” “envisage”, “estimate”, “intend”, “may”, “plan”, “will” or the negative of those, variations or comparable expressions, including references to assumptions. These forward looking statements are not based on historical facts but rather on the Directors’ current expectations and assumptions regarding the Company’s future growth, results of operations, performance, future capital and other expenditures (including the amount, nature and sources of funding thereof), competitive advantages, business prospects and opportunities. Such forward looking statements reflect the Directors’ current beliefs and assumptions and are based on information currently available to the Directors. A number of factors could cause actual results to differ materially from the results discussed in the forward looking statements including risks associated with vulnerability to general economic and business conditions, competition, environmental and other regulatory changes, actions by governmental authorities, the availability of capital markets, reliance on key personnel, uninsured and underinsured losses and other factors, many of which are beyond the control of the Company. Although any forward looking statements contained in this announcement are based upon what the

Directors believe to be reasonable assumptions, the Company cannot assure investors that actual results will be consistent with such forward looking statements.

Notes

Premier African Minerals Limited (AIM: PREM) is a multi-commodity mining and natural resource development company focused in Southern and Western Africa with production started at its flagship RHA project in Zimbabwe.

The Company has a diverse portfolio of projects, which includes tungsten, rare earth elements, gold, lithium and tantalum in Zimbabwe and Benin, encompassing brownfield projects with near-term production potential to grass-roots exploration. The Company also holds 2 million shares in Circum Minerals Limited ("Circum"), the owners of the Danakil Potash Project in Ethiopia, which has the potential to be a world class asset. At present those shares are valued at US\$4 million based on the latest price at which Circum has accepted subscriptions.
